

Appl. No. : **09/928,970**
Filed : **August 13, 2001**

SUBSTANCE OF INTERVIEW

On May 2, 2007, Applicants' representative, Ronald Schoenbaum, met with Examiners Borlinghaus and Patel to discuss the outstanding Office Action. Mr. Schoenbaum initially pointed out that the present application, and application nos. 09/928,982 and 09/928,977, are all based on a common technical disclosure, and that a first Office Action was recently issued in the '977 application. Mr. Schoenbaum then pointed out significant differences between Applicants' disclosure and the applied references (namely Cocklin and Gralla), and proposed amendments to Claim 1 to clarify some of these differences. During the discussion, Examiners Borlinghaus and Patel suggested additional revisions to ensure compliance with sections 101 and 112. No other claims or references were discussed, no exhibits were shown, and no agreement was reached.
